SUBJECT: Wisconsin Steel Works Meeting

Mr. William Franz
Environmental Review Branch (SME-19J)
USEPA Region V
77 West Jackson Boulevard
Chicago, Illinois 60604

Dear Mr. Franz:

The Corps of Engineers Buffalo District and the Economic Development Administration are hosting a meeting with local officials and interested parties to discuss the Wisconsin Steel Works Site environmental remediation project.

The purpose of the meeting is to initiate our community relations and public involvement programs associated with the project. We will provide an overview and update of the project status at the meeting. Our objective is to reinforce communication channels with local interested parties and to receive input to assist us in developing our public interface programs.

The meeting will be held at 10:00 a.m. on January 24, 1992 at the Calumet Federal Savings and Loan Association Community Room (lower level). The Calumet Federal Savings and Loan is located at 3501 E. 106th Street (southeast corner of Avenue N), Chicago, Illinois. A location map of the meeting site is enclosed.

We are aware of your interest concerning the Wisconsin Steel Works Site remedial work and invite you to participate in this meeting. We look forward to seeing you there.

If you have any questions concerning this matter, please contact Mr. Ted Valerio, P.E., my project manager at commercial number 716-879-4231.

Sincerely,

John W. Morris
Colonel, U.S. Army
